

ICEMAT 2023

February 17-19, 2023
Sydney, Australia
www.icemat.org

2023 5th International Conference on Energy Management and Applications Technologies

2023 5th International Conference on Energy Management and Applications Technologies (ICEMAT 2023) will take place at Sydney, Australia February 17-19, 2023, co-sponsored by University of Tasmania, Australia. These new challenges bring with it new research questions resulting in the need to stimulate the rapid awareness of this very important research field, especially among the young researchers.

Publication and Submission Method

All submissions to the conference will undergo a precise and strict reviewing process. Accepted full papers will be published into ICEMAT 2023 Conference Proceedings, which will be submitted for EI Compendex, Scopus, etc.

Welcome to submit your paper via the submission system:
<http://confsys.iconf.org/submission/icemat2023>

Call For Papers

Ecology and Biodiversity Conservation, Environmental Pollution & Management, Renewable Energy Sources, Energy Policy, Modelling and Simulation, Load Modelling, Forecasting and Management, Power Quality and Grounding, Safety, Maintenance and Operation, Distribution System Planning and Reliability, Modelling and Simulation, Load Modelling, Forecasting and Management, Active Filters and Harmonics, Power Supplies, Hybrid Power Systems, etc.
